A master on the Mic, Nick Bean is an artist/producer who's style is like a melting pot. Nick is constantly on the grind working hard to perfect his craft and setting the bar high for other rappers. Raised in central Florida but also finding influence's from summers spent in Ft Lauderdale/Lauderdale Lakes, and Lauderhill neighborhoods. Nick Bean also had influences from Pensacola where that region of Florida has a much different feel than other parts of Florida. Last but not least he spent years in Houston,Tx where he stayed in-between the neighborhoods of Clover Land and Hiram's Clarke right around the corner from the old Dj Screw shop where he meet Mr 32. With a magnetic personality and high-energy stage presence Nick continues to garner new fans with every show. He has satisfied the ears of some of the most discerning music lovers.

He was touched by the Screwed Up sound. Putting all these different flavors together is the reason Nick Bean can't be put in a box as an artist/producer, he is definitely in a lane of his own. This makes him versatile, and the music industry needs that. Nick Bean and Knock Em Off Records is a force to be reckoned with.

Be on the lookout for his next single "Go Live" from his upcoming album "Now Or Never" dropping on October 31st to anxious fans! Shhhhh.....here he comes!
